

Microphone Array MA_Sphere_120_60_P

Description

Microphone array mounted on a carbon fiber sphere-like meshwork, including 120 symmetrical buffered microphones and an USB-Video camera.

Microphones	Advanced disturbance tolerant 1/4' symmetrically buffered electret pressure receivers (based on Sennheiser microphone capsule 4211)
Number of Microphones	120
Equivalent noise level	27dB(A)
Max. equiv. sound level	130dB
Frequency response	100Hz-20kHz
Mechanical vibration damping	100Hz low cut filter
Symmetrical output resistance	100 Ω
Dimension	carbon fiber sphere \varnothing 0,60m
Recommended measurement distance	from 0,8m up to 5m
Video camera	Logitech QuickCam Pro 5000 - Resolution: 640x480 Pixel, RGB - Connector: USB
Operating environment	0° - 40°C, up to 80% r. h.
Ingress protection code	IP20
